Education

G.L Bajaj Institute of Technology and Management   **Greater Noida, Uttar Pradesh**
Bachelor of Technology   *Present*

Little Flower Sr. Sec. School   **Gorakhpur, Uttar Pradesh**
Intermediate (10+2) in Mathematics   *Apr. 2021*

Projects

Enlighten. (React, TailwindCSS, Appwrite): 🔗 ⓞ   *Blog App*

- Developed with ReactJS, TailwindCSS and Appwrite, allowing users to create, publish, and manage blogs with a login/signup system powered by Appwrite authentication.
- Used React Hook Form for handling input data and a rich text editor (TinyMCE) for seamless content creation.
- Utilizes Redux for efficient state management and smooth user interactions.
- Emphasizes a dynamic, user-friendly, and intuitive interface for an enhanced blogging experience.

Interactive Weather App (JavaScript, OpenWeatherAPI): 🔗 ⓞ *Real-Time Data with Dynamic City Visuals*

- Developed a dynamic Weather App using JavaScript, providing real-time weather data for any city, including temperature, humidity, and wind speed.
- Integrated the OpenWeather API to fetch accurate weather information based on user input.
- Enhanced user experience with dynamic background images from the Unsplash API, showing high-resolution city-specific visuals.
- Implemented real-time city autocomplete functionality using the Algolia API, ensuring quick and accurate city selection.

Technical Skills

Languages: Python, JavaScript, C++, HTML, CSS

Data Structure and Algorithms: Proficient

Frontend Development: ReactJS, Django, Tailwind CSS

Version Control: Git, GitHub

Tools: Postman, MySQL, VSCode, CLion, Appwrite

Achievements

- Development Team Member in **Google Developers Group (GDG)** GLBITM.
- Solved 300+ problems on **Leetcode**.
- Achieved 4-star rating on **HackerRank** in problem-solving.
- Participated in "DEV-ON" Round 1, a **National Level Hackathon** organized by GDSC, GLBITM.
- Completed Database Management System course from NPTEL in association with IIT Kharagpur.
